ENJOYING LAKE CUMBERLAND

One of America's Favorite Lakes

Each year millions of visitors come from across the eastern U.S. to enjoy the rugged beauty of the Lake Cumberland area's 63,000 surface acres and 1,255 miles of wooded shoreline. If you delight in soaking up the sun in a secluded cove, entertaining friends on an open air pontoon boat, tubing with your ski boat or skimming around a wooded point on a jet ski, you will find a wonderful spot on Lake Cumberland to do just that.

Houseboat Vacations

Weekend trips or week-long vacations on a houseboat are remembered long after docking. Imagine your family and friends sharing the experience as you set your own pace on the smooth waters of Lake Cumberland. A houseboat vacation allows you to escape the rigors of everyday life in a beautiful setting while still enjoying the luxuries of home. The marinas in the Somerset and Burnside area are among the finest in America. Houseboats are available in a variety of sizes featuring many amenities including water slides and private state rooms. Fishing

It's no fish tale when we talk about Lake Cumberland fishermen bringing home a 58-pound rockfish, a 22-pound walleye or a catfish weighing an amazing 208 pounds! From Cumberland Falls to Wolf Creek Dam, Lake Cumberland is filled with crappie, bream, walleye, trout, catfish and five species of bass. Shoot for the record book anytime during the year-long fishing season. Fishing guide services are available and Kentucky offers free fishing the first weekend in June. Visit our website for more detailed fishing information.

Crappie USA Fishing Tournament

A Spring Qualifier Tournament – Teams will be qualifying for the 2012 Cabela's Crappie USA Classic, the worlds' Super Bowl of Crappie fishing – a \$100,000.00 event. This tournament is scheduled to coincide with the spring crappie spawn. Normally held during March, April or May, these events feature divisions for the local angler and the traveling pros alike. The Tournament will be held May 5th at General Burnside Island State Park in Burnside, KY. It is sponsored by the Somerset Pulaski County Convention & Visitors Bureau and Burnside Tourism.

Spring Poker Run on Lake Cumberland

Some of the biggest and fastest boats on the water can be seen as Lee's Ford Marina brings the Poker Run to Lake Cumberland in June. High-speed power-boats compete for a winning "poker hand" in the festive summer event that features plenty of entertainment and good food.

Camping

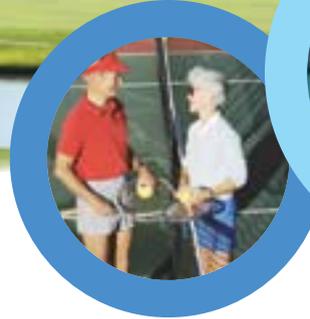

Everyone should go camping at least once. Whether it's in a sleeping bag under the stars or a luxurious motor home, there's a camping spot for you on Lake Cumberland at areas like Pulaski County Park, Fishing Creek or Waitsboro. General Burnside Island State Park offers the area's largest campground, complete with a five-lane boat launch, championship golf course and recreational facilities. Both Bee Rock and Little Lick in eastern Pulaski County offer primitive camping near the rugged Rockcastle River, taking you far from the summer crowds. Complete list of campgrounds and community parks on pages 17-19.

Parks and Hiking Trails

The Lake Cumberland area is known for many natural woodland areas that remain today just as Daniel Boone would have seen them. The Daniel Boone National Forest in the east and Big South Fork National River and Recreation Area in the south are deep green jewels. West of Somerset, Pulaski County Park and the Fishing Creek Recreation Area provide camp sites, picnic tables, shelters, frisbee golf, playground facilities and open green spaces. Wonderful discoveries await on area hiking trails, such as the 1/4 mile Black Walnut Nature Trail starting at the U.S. Army Corps of Engineers Office between Burnside and Somerset and the trails leading to the overlook at Bee Rock campground in eastern Pulaski County. **MORE PAGE 6**

SomerSplash Water Park

Somerset's water park is a cool place to spend hot summer days. The water park's 20 acres of safe family fun offer visitors a variety of water adventures, including slides, a giant wave pool and other pools designed to accommodate all ages. Don't miss the annual fireworks display during the July 4th holiday.

Challenging Golf

Pulaski County's five challenging and beautiful courses represent some of Kentucky's finest vacation golf.

The area's newest 18-hole course, General Burnside Island State Park Golf Course, is also one of its oldest. This Brian Ault Signature Series Golf Course replaces a course first built in 1958. Located on an island surrounded by Lake Cumberland, the course features a number of holes that overlook the lake.

Guests at Woodson Bend Resort simply step from their condominium onto an 18-hole Trevino-Bennett course. Located just minutes off U.S. 27 South, all visitors are welcome and can enjoy the beauty of Lake Cumberland while golfing at Woodson Bend Resort. This course also has a driving range and a pro shop.

Eagle's Nest Country Club, an 18-hole, par-71 golf course, is one of the most challenging and scenic courses in the region. Eagle's Nest is a semi-private course open to out-of-town visitors.

Somerset Country Club, just north of downtown, offers another challenging 18-hole golf course and is the oldest course in the county.

Located halfway between Somerset and Burnside, Waitsboro Hills Golf Course features Bermuda fairways, a driving range and a pro shop. Visitors enjoy the challenges of this course and the beauty of the countryside.

Lake Cumberland Driving Range, near Bronston, is open year-round and offers nighttime lighting for late-night practice.

Sports Facilities

The Somerset Family Fitness Center has a full gymnasium, Kid-Zone, Yoga, dance and swimming instruction.

SomerSport Park, just east of town, features an outdoor playground plus baseball and soccer fields.

The Ward Correll Sports Complex, located next to SomerSplash Water Park, includes four ball fields which are used for league and tournament games. Adjoining SomerSplash is the new Skateboard Park.

Rocky Hollow Recreation Center in downtown Somerset provides a walking/jogging track, exercise room, gymnasium, game room and various sports programs. A new feature at Rocky Hollow this year is the 9-hole Disc Golf Course.

Somerset's Citizens Park offers twelve professional horseshoe pits plus a professional croquet court.

Courts are available at some resorts and around the county for fans of tennis, racquetball, basketball and volleyball.

Master Musicians Festival

Many exciting activities take place throughout the year. The Master Musicians Festival is an annual midsummer two-day concert that includes blues, jazz, bluegrass, folk, country, newgrass and gospel music. Performers such as Doc Watson, The Avett Brothers, Goosecreek Symphony, Nickel Creek and others have headlined the multi-cultural event in previous years. The festival also features an arts and crafts fair, food vendors and children's activities.

Events at Your Fingertips

Each year a number of events and festivals fill the streets and venues of Somerset, Burnside and Science Hill. Lake Cumberland Performing Arts and The Center for Rural Development bring everything from Broadway musicals to drama, ballet, comedy and classical music to the CenterStage season. Running throughout the year, national and international performances like the Vienna Boys Choir, *The Nutcracker* and country music

stars play in the 760-seat theater. Call 1 (606) 677-6000.

Carnegie Community Arts Center and More

The Carnegie Community Arts Center is home to a wide variety of art shows and other community gatherings month after month. Several artists maintain working studios in the Carnegie and the Sheltoewe Artisans have a retail shop on the main floor. Call 1 (606) 677-0333. Just down the street, the Children's Botanical Garden of South Central Kentucky encourages children to use all their senses to connect plants to the sciences, history, literature and the arts.

Historic Pulaski County

Many visitors who enjoy the lake aren't aware that they may be boating or swimming directly over the early 20th century river port of Burnside, Kentucky. The city was moved out of the valley to its present location before construction of the lake began in 1948.

Pulaski County has enjoyed a rich history during the last 200 years. A self-guided, interpretive walking tour of downtown Somerset leads you through part of that history. In addition to showing such places as the once-thriving Commercial District or the historic homes on Harvey's Hill, the tour gives insight into diverse aspects of life in Pulaski County, such as town beginnings, the development of rural commerce and a turn-of-the-century trolley car system. **MORE PAGE 12**

Savor Lake Cumberland

Almost any taste can be satisfied at Somerset and Burnside area restaurants. Before heading back home, don't forget to try a big plate of fresh Lake Cumberland catfish. We invite you to enjoy the local cuisine and take a little bit of Somerset and Pulaski County with you. Two vineyards, two apple orchards and two local farmers markets are located within a short drive of downtown Somerset.

Tasty Treats Await

Start your day with a hot cup of coffee or a chilly smoothie from Baxter's. This popular, locally owned coffee shop roasts its own coffee beans. Its three Somerset locations make Baxter's convenient whether you're north or south of town.

Or savor a bite of Somerset history at one of the county's oldest eateries when you buy donuts and coffee at family-owned Amon's Sugar Shack. Join locals and visitors alike as they return time and time again for the sweets Pulaski County residents have been enjoying for more than 60 years.

On Tuesdays and Thursdays, enjoy a cup of tea and other goodies at Anna Katherine's Victorian Tea Room in Science Hill.

Hungry for lunch or dinner? From national fast food and pizza chains located on the U.S. 27 "strip" to locally-owned, family-style restaurants and sushi,

you are sure to find something that will satisfy your appetite. In Burnside, a wide array of sports bars, pizzerias, Mexican and contemporary restaurants light up the evening. Occasional musical entertainment and karaoke nights are scheduled throughout the year.

Want to take a gift or souvenir of food home with you? Haney's Appledale Farm just east of Nancy offers a wide variety of apples well into autumn. Apple cider and fried apple pies are also available seasonally. Pulaski County now boasts two local vineyards, so enjoy the flavor of your vacation year-round with wine purchased onsite. Tastings are available at both vineyards.

In addition to prepared meals and food items, Pulaski County also offers abundant produce at its two farmers markets, various roadside stands, Wilson's Strawberry (U-pick) and Bear Wallow Farm.
